Dallas County & the City of Dallas are hosting a public involvement workshop to present ideas, review preliminary findings & routes from the ongoing route feasibility study for a connection from the eastern end of Northaven Trail Phase 1 to the White Rock Creek Trail and the Low 5 Trail Junction area. Ultimately, this trail junction east of US 75 and north of Royal Lane will provide trail users five directions of travel:

NW on existing White Rock Crk Trail
 North on existing Cottonwood Trail
 SE on existing White Rock Crk Trail
 S/SE on Veloway (ongoing design)
 W on Northaven Tr (ongoing project)

Please plan to attend this workshop to provide your comments.
